

## Public Disclosure of Student Achievement

**Institution Name:** Chaminade University of Honolulu

**Business Unit(s) included in this report:** School of Business and Communication

**Academic Period Covered:** 2023-2024

**Date Report Posted (due February 1, 2025):** January 10, 2025

PROGRAM	MEASURE	TARGET	RESULT
B.S. Accounting	Graduation Rate	63%	66.7%
B.A. Business Administration	Graduation Rate	63%	39.2%
MBA (Overall)	Graduation Rate	67%	64.1%
<i>Note: Teach outs for the following effective 2024 Spring Semester</i>			
MBA Accounting	Graduation Rate	67%	N/A*
MBA Not-for-Profit Management	Graduation Rate	67%	N/A*

\* N/A due to insufficient data

### Calculations for Measures

MEASURE	DESCRIPTION AND HOW IT WAS CALCULATED
B.A. Graduation Rate	The rate reflects the percentage of students who started the program in the 2018-2019 year and completed in six (6) years or less. The group includes first year, transfer students, and students in the non-traditional program who declared their major within the 2018-2019 year. Students who switched majors but graduated from Chaminade count against this rate, as do students who did not graduate from Chaminade.
B.S. Graduation Rate	The rate reflects the percentage of students who started the program in the 2018-2019 year and completed in six (6) years or less. The group includes first year, transfer students, and students in the non-traditional program who declared their major within the 2018-2019 year. Students who switched majors but graduated from Chaminade count against this rate, as do students who did not graduate from Chaminade.

<p>MBA (Overall) Graduation Rate</p>	<p>The rate for each MBA program reflects the percentage of students who started the program in the 2019-2020 year and completed in four (4) years or less. The rate does not account for students who switched concentrations. For example, if a student was declared with an Accounting concentration and switched to and graduated as a General MBA, that counts against the Accounting MBA graduation rate but not for the General MBA.</p>
<p>*Target Bachelor Graduation Rate</p>	<p>The target rate is a comparison of the business degree rate with the University's bachelor's degree rate for the full-time first-time student cohort.</p>
<p>**Target MBA (Overall) Graduation Rate</p>	<p>The target rate for the total MBA program reflects the percentage of all students who started the program in the 2019-2020 year and completed in four (4) years or less. The rate accounts for students who switched concentrations within the degree. Chaminade University does not track cohorts for masters programs due to rolling admissions that allows for multiple start terms in an academic year. The target rate is a comparison of the total MBA rate with the University's similarly structured average graduate degree rate.</p>
