PARTICIPANT VOICES

What They Loved:

"The interactive games (like the Bean Salary Game) made abstract concepts tangible for my students."

"Links to ready-to-use lesson plans saved me hours of prep time."

"The workshop's no-portfolio, low-stress format allowed me to focus on learning."

"HawaiiUSA FCU's financial wellness fair provided real-world tools I can use in my classroom."

"The games simplified supply/demand—I'm adapting them for my 2nd graders!"

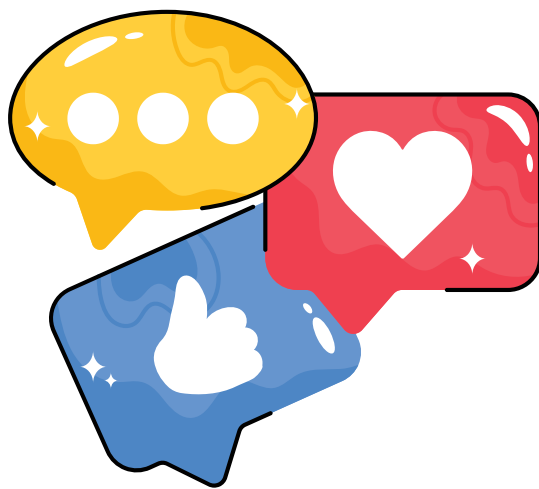

Testimonials:

"This workshop gave me everything I need to integrate financial literacy into my advisory period. The resources are gold!"

"Economics isn't just for social studies—I'm using these games in my math and science classes!"

"The 10 Principles of Economics framework is something every teacher (and student) should learn."

"Every minute of this workshop was impactful—the activities were engaging and directly applicable to my classroom."
